Hello, Hugh,

I'm a vertebrate palaeontologist working on a paper about rearing mounted skeleton of sauropods. I'm writing to ask permission to include your photo, as part of one of the illustrations In order to include this in an open access paper, I would need to be able to reproduce it under the CC By licence. Please may I have permission to do this? (Of course, I'll mention you in the acknowledgements.)

Many thanks,

Dr. Michael P. Taylor
